

UIC Tech Career Fair

Feb 28, 2018

12 - 4 PM, UIC Student Center East

Stop by our booth to network, mingle, and learn more about engineering opportunities and life at Google. Swag provided while it lasts!

Grow with Google: Mapping Your Career Goals

Feb 28, 2018

5 - 7 PM, UIC CS Lounge (SELE 2268)

Adapted for students, this hands-on workshop, previously only available to Googlers, will guide you through some exercise in which you'll map strengths, plan strategically about what you want, and focus on your next steps to achieving your career goals at Google or elsewhere. Food and swag will be provided while it lasts!

Getting Started on Google App Engine

March 2, 2018

5:30 - 6:30 PM, UIC CS Lounge (SELE 2268)

Learn how to write infinitely scalable and high performance apps using App Engine & Google Cloud Platform. We'll show you how to get started with the App Engine platform and build a basic app together. Swag provided while it lasts!
